

Bienvenue sur le tableau de bord de **DISH Reservation**. Dans ce tutoriel, nous vous montrons comment gérer les paramètres de votre compte.

The screenshot shows the DISH Reservation dashboard. At the top, the header includes the logo, the text "DISH RESERVATION", and the user name "Test Bistro Training" with a dropdown arrow and a language selector (UK flag). A teal notification bar at the top right says "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" with "WALK-IN" and "ADD RESERVATION" buttons. Below this is a date range selector showing "Thu, 28 Sep - Thu, 28 Sep". A message states "There is 1 active limit configured for the selected time period" with a "Show more" dropdown. Filter tabs include "All", "Completed", "Upcoming" (selected), and "Cancelled", along with icons for calendar (0), people (0), and a table icon (0/37). The main content area is empty with a "No reservations available" message and a magnifying glass icon. A "Print" button is at the bottom left. The footer contains a status message "Too many guests in house? Pause online reservations" with a pause icon, the text "Designed by Hospitality Digital GmbH. All rights reserved.", and links for "FAQ", "Terms of use", "Imprint", "Data privacy", and "Privacy Settings". A help icon (question mark) is at the bottom right.

Tout d'abord, allez dans **Paramètres** dans le menu à votre gauche.
