

0 You're now at the dashboard of DISH Order. Now click RESTAURANT.

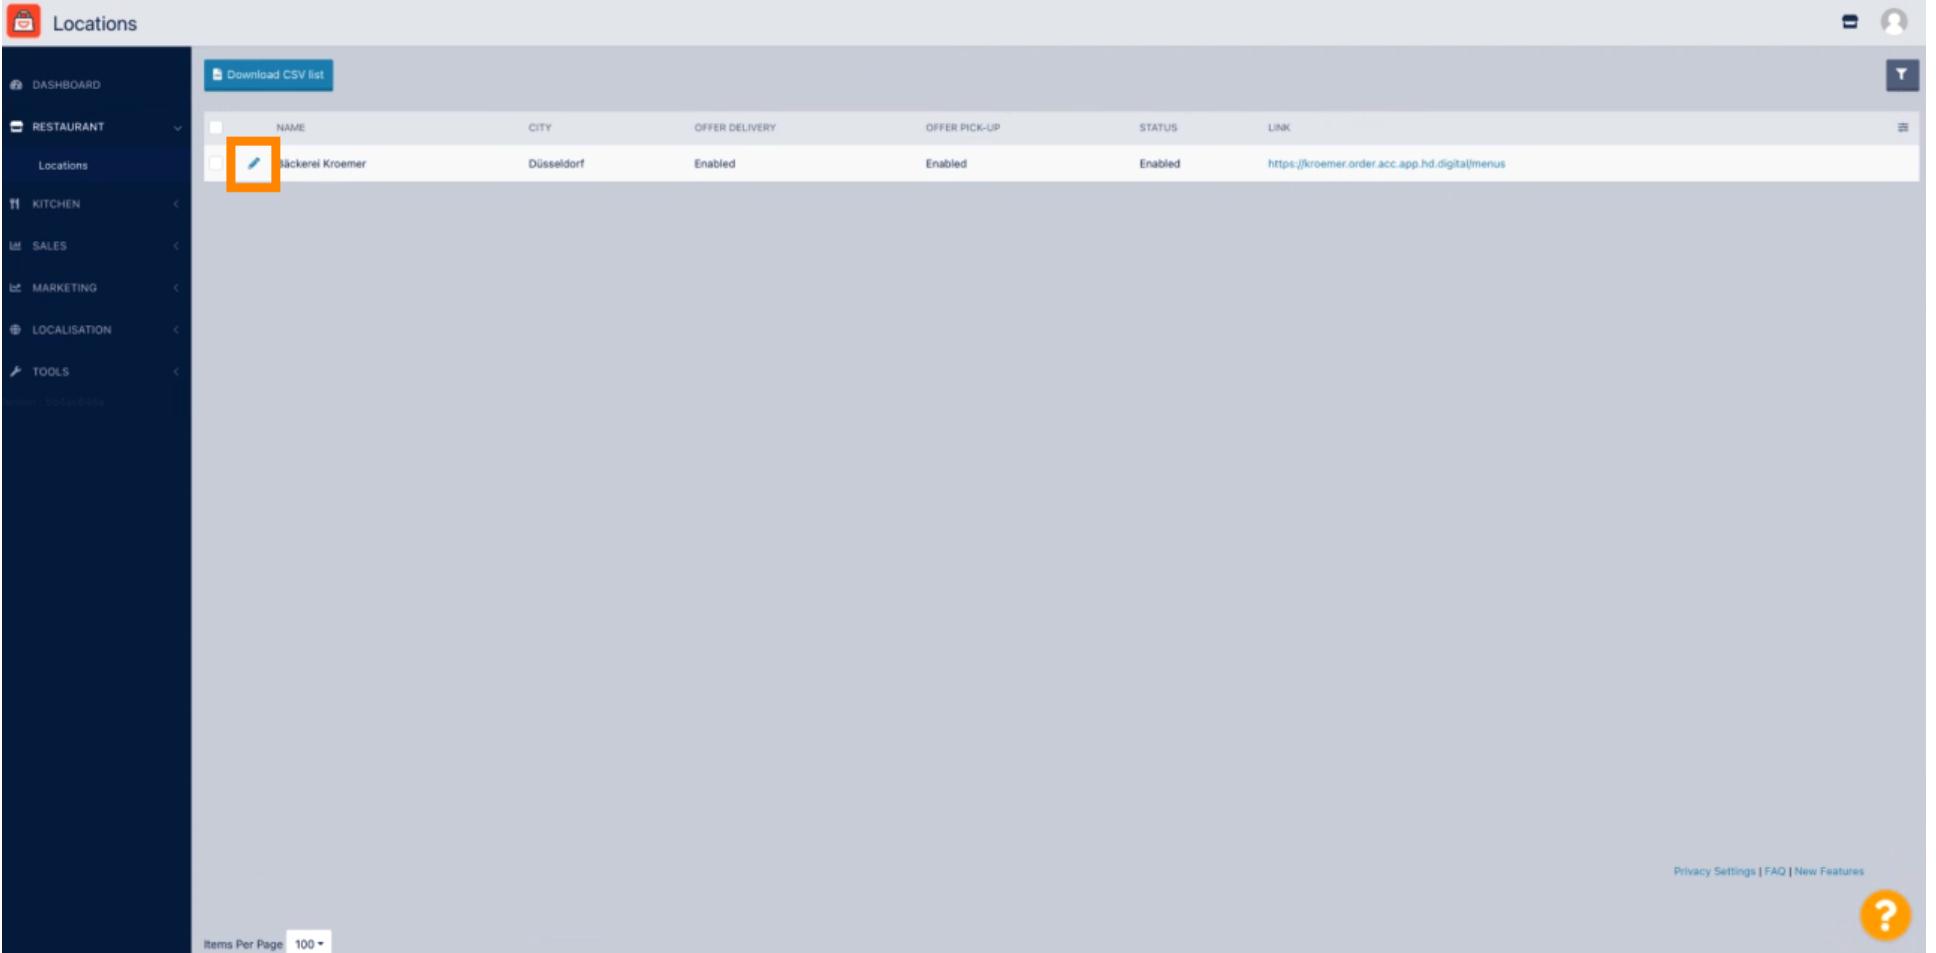

① Select Locations to open the restaurants information.

The screenshot shows the DISH Order dashboard interface. On the left, a dark sidebar contains navigation links: DASHBOARD, RESTAURANT (with 'Locations' highlighted in orange), KITCHEN, SALES, MARKETING, LOCALISATION, and TOOLS. Below this is a 'Reports Chart' section with a date range selector set to 'May 3, 2022 - June 1, 2022'. The main area displays six performance metrics in cards:

- Total Orders: 1
- Total Pick-up Orders: €6.75
- Total Sales: €6.75
- Total Delivery Orders: €0.00
- Total Orders Completed: 1
- Total Lost Sales: €0.00

At the bottom right of the dashboard is a yellow circular icon with a question mark.

To edit your location, click on the pencil icon.

The screenshot shows the DISH Order software interface. On the left is a dark sidebar with navigation options: DASHBOARD, RESTAURANT (selected), Locations (highlighted with a blue box), KITCHEN, SALES, MARKETING, LOCALISATION, and TOOLS. The main area is titled 'Locations' and contains a table with one row. The row for 'Säckerei Kroemer' has a blue edit icon in the first column. The table columns are NAME, CITY, OFFER DELIVERY, OFFER PICK-UP, STATUS, and LINK. The data for the row is: Säckerei Kroemer, Düsseldorf, Enabled, Enabled, Enabled, and a URL: <https://kroemer.order.acc.app.hd.digital/menus>. At the bottom left is a 'Items Per Page' dropdown set to 100. At the bottom right are links for Privacy Settings, FAQ, and New Features, along with a yellow question mark icon.

	NAME	CITY	OFFER DELIVERY	OFFER PICK-UP	STATUS	LINK
	Säckerei Kroemer	Düsseldorf	Enabled	Enabled	Enabled	https://kroemer.order.acc.app.hd.digital/menus

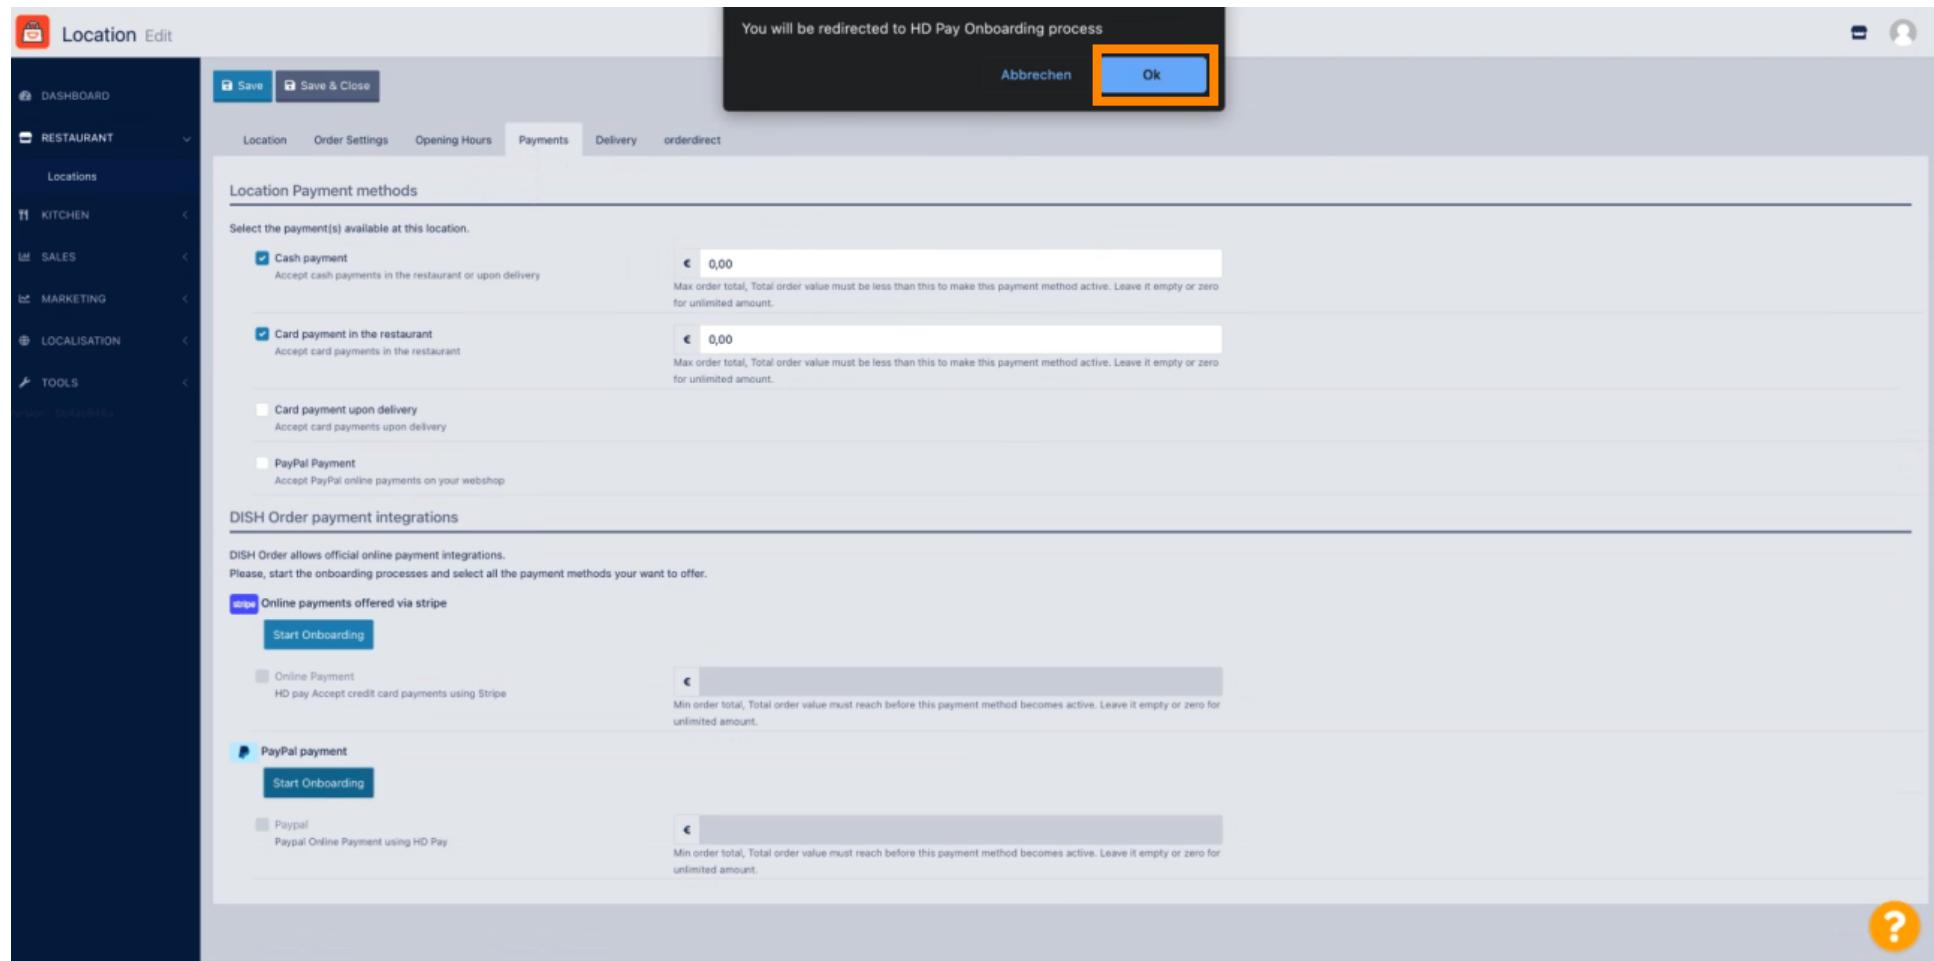

Then click on **Payments**.

The screenshot shows the 'Location Edit' interface for a restaurant. The left sidebar lists categories like DASHBOARD, RESTAURANT, LOCATIONS, KITCHEN, SALES, MARKETING, LOCALISATION, and TOOLS. The main area has tabs for Location, Order Settings, Opening Hours, Payments (which is highlighted with an orange box), Delivery, and orderdirect. Below these tabs are various input fields: Name of the Restaurant, Email, Telephone, Logo (with a note 'Select a logo for this location.'), Header image (with a note 'Select an image for your location that is displayed in the header of your DISH Order page.'), Webshop Status (set to Enabled), Address 1, Address 2, City, State, Postcode, Country (set to Germany), Legal notice information, Restaurant owner name, Registry court, and a Help icon (?).

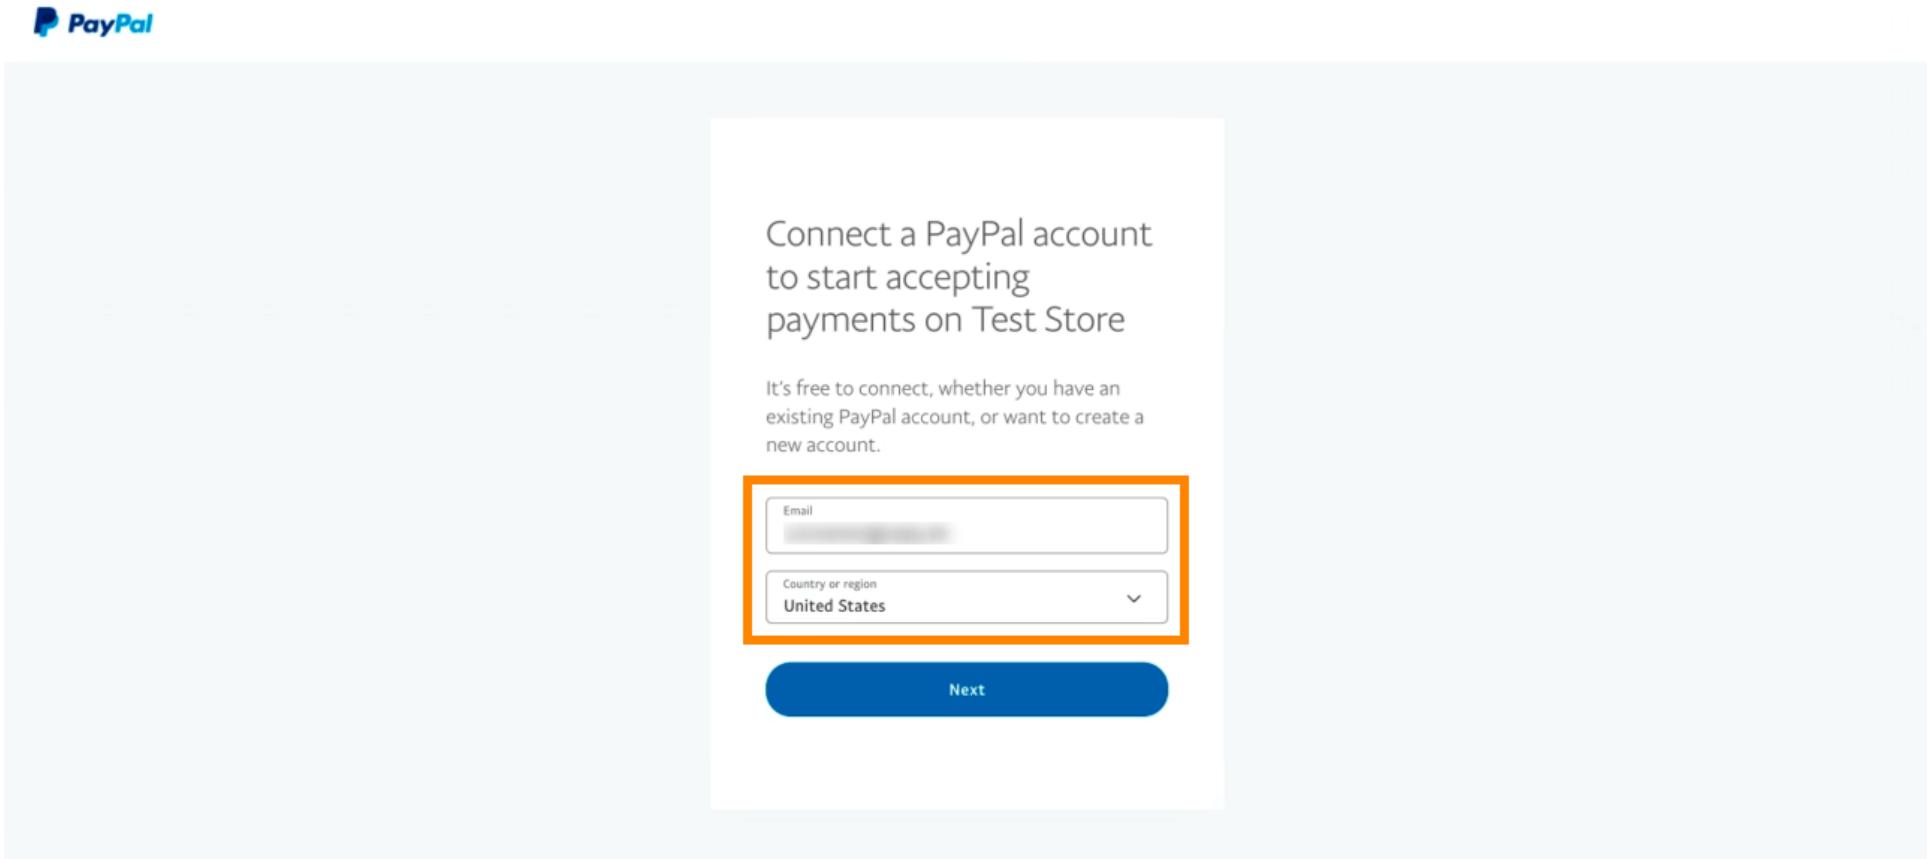

Now scroll down to **PayPal payment** and select **Start Onboarding**.

The screenshot shows the DISH Order software interface for managing a location. The left sidebar includes sections for DASHBOARD, RESTAURANT (with sub-options KITCHEN, SALES, MARKETING, LOCALISATION), and TOOLS. The main content area has tabs for Location, Order Settings, Opening Hours, Payments (which is currently selected), Delivery, and orderdirect. The Payments tab displays "Location Payment methods" where users can select available payment types. Under "DISH Order payment integrations", it shows "Online payments offered via stripe" and "PayPal payment". The "PayPal payment" section is specifically highlighted with a red box around the "Start Onboarding" button.

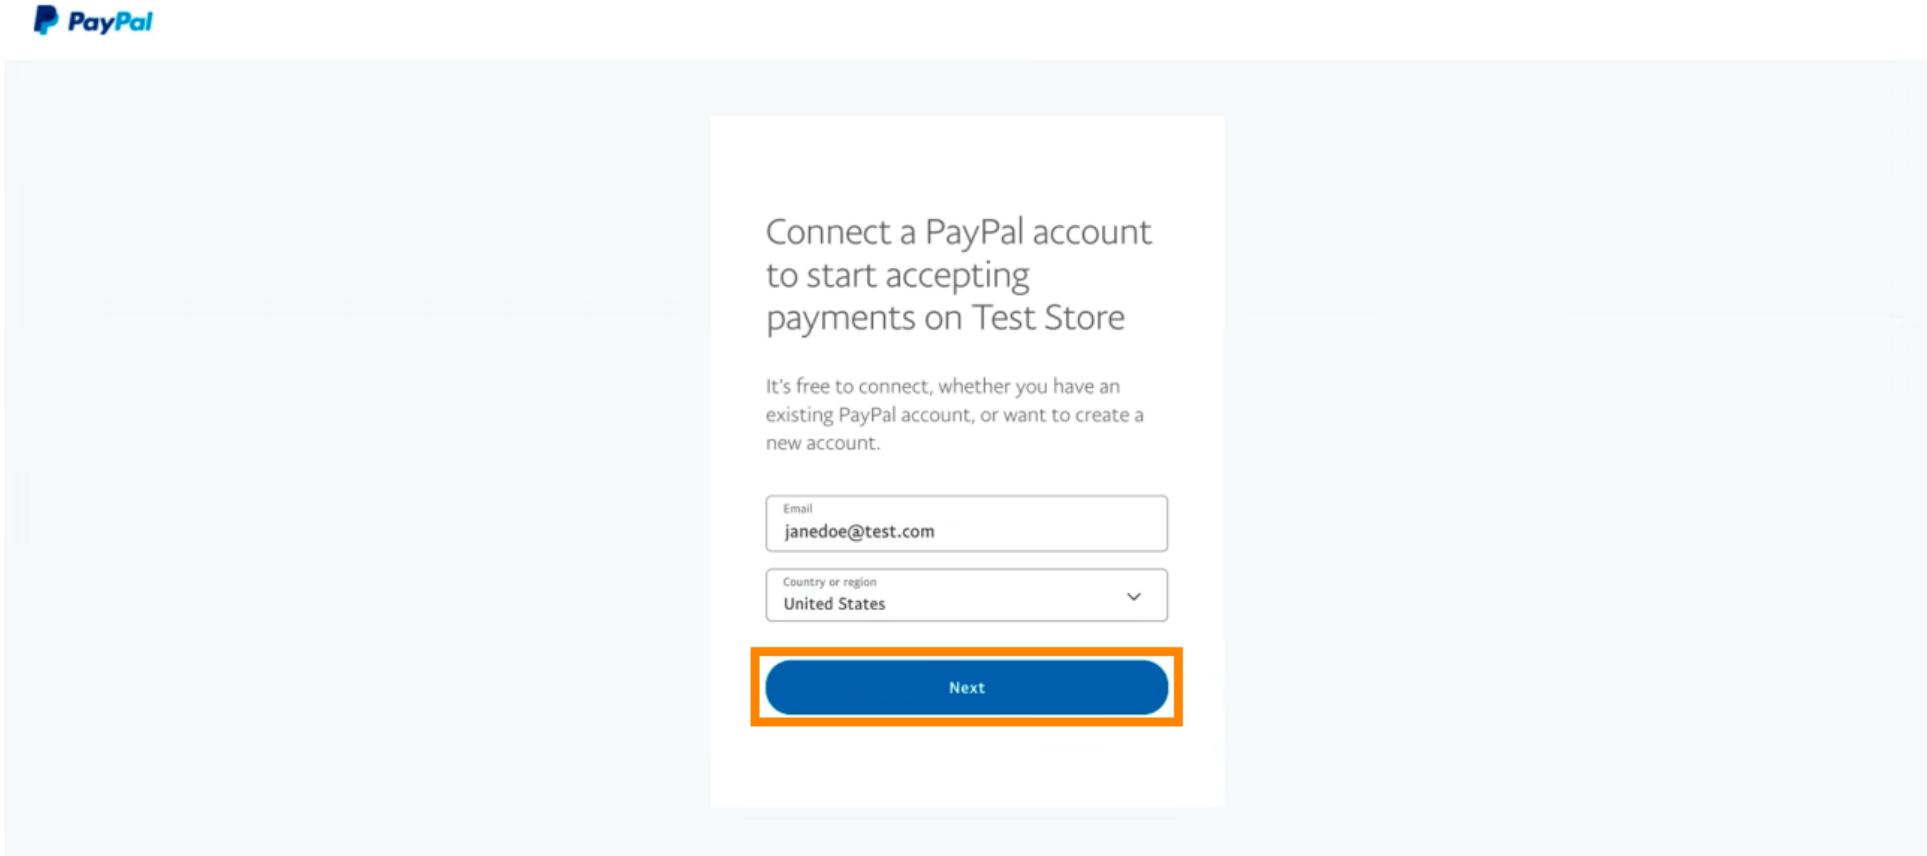

ⓘ A pop up window will show up to redirect to the HD Pay Onboarding process. Select **Ok** to continue.

>Your PayPal account is now integrated with the store. Click **the button** to continue.

Please confirm your email to activate your account.
To do this, follow the instructions we sent to

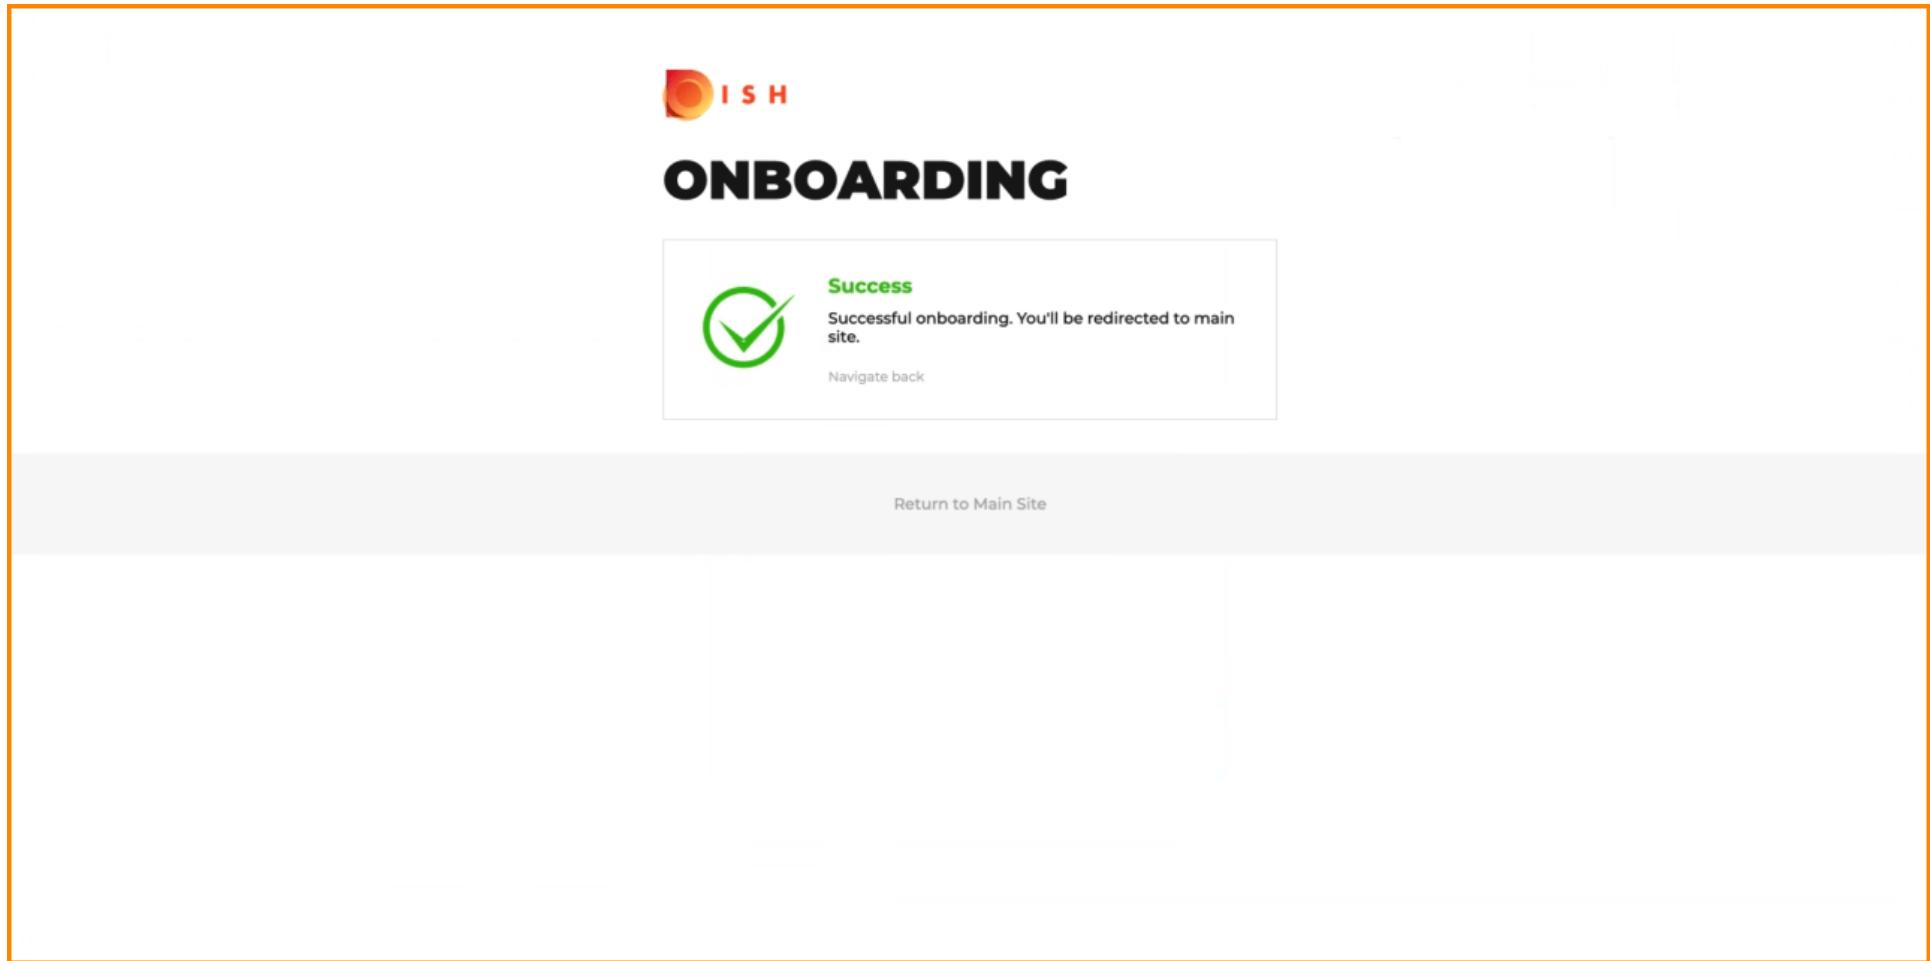

Thanks for signing up!

You now have an account, and you've successfully integrated PayPal with Test Store. Don't forget to confirm your email so you can access payments.

Go back to Test Store

- 1 Your onboarding process was successful. You will be automatically redirected to the main site.

1 You successfully onboarded PayPal using HD Pay.

The screenshot shows the DISH Order software interface. On the left, there's a sidebar with various menu items like DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, USERS, DESIGN, LOCALISATION, TOOLS, and SYSTEM. The RESTAURANT item is expanded, showing Locations, Card payment in the restaurant, Card payment upon delivery, and PayPal Payment. Below these, under 'DISH Order payment integrations', there's a section for stripe Online payments offered via stripe with buttons for Change Business account data and Change Bank Account data. Under PayPal payment, there's a button for Edit onboarding and a checkbox for Paypal. A green notification box at the top right says: 'Thank you for proceeding with the setup of the payment method. When the Setup is completed, the payment method will become available to be offered to end customers soon.' A question mark icon is in the bottom right corner.

Now scroll down to the PayPal payment and click on the **checkbox** to enable the payment method.

The screenshot shows the DISH Order software interface. On the left, there's a sidebar with various menu items: DASHBOARD, RESTAURANT (selected), Locations, KITCHEN, SALES, MARKETING, USERS, DESIGN, LOCALISATION, TOOLS, and SYSTEM. The version is listed as 1.60.0-rc-5b4ac646a. The main content area has a header "Accept card payments in the restaurant" with a dropdown menu and a note about max order total. Below this, there are two sections: "Card payment upon delivery" (unchecked) and "PayPal Payment" (unchecked). Under "DISH Order payment integrations", it says "DISH Order allows official online payment integrations. Please, start the onboarding processes and select all the payment methods your want to offer." There are two sections: "stripe Online payments offered via stripe" (with "Online Payment" checked and a min order total input field) and "PayPal payment" (with "paypal" checked and a min order total input field). At the bottom right, there are links for Privacy Settings, FAQ, and New Features, along with a help icon.

Then click on **Save** to apply the changes.

The screenshot shows the DISH Order software interface. On the left is a dark sidebar with various menu items: DASHBOARD, RESTAURANT (selected), Locations, KITCHEN, SALES, MARKETING, USERS, DESIGN, LOCALISATION, TOOLS, and SYSTEM. The version number 'version 1.60.0-rc-5b14ac546a' is at the bottom of the sidebar. The main area has a light gray background. At the top, there are tabs: Location, Order Settings, Opening Hours, Payments (which is selected and highlighted in blue), Delivery, and orderdirect. Below these tabs, the title 'Location Payment methods' is displayed. A sub-instruction says 'Select the payment(s) available at this location.' There are four payment method options listed:

- Cash payment: Accept cash payments in the restaurant or upon delivery. Max order total: € 0,00. A note states: 'Max order total, Total order value must be less than this to make this payment method active. Leave it empty or zero for unlimited amount.'
- Card payment in the restaurant: Accept card payments in the restaurant. Max order total: € 0,00. A note states: 'Max order total, Total order value must be less than this to make this payment method active. Leave it empty or zero for unlimited amount.'
- Card payment upon delivery: Accept card payments upon delivery.
- PayPal Payment: Accept PayPal online payments on your webshop.

Below this section, the title 'DISH Order payment integrations' is shown. A note says: 'DISH Order allows official online payment integrations. Please, start the onboarding processes and select all the payment methods you want to offer.' A 'stripe' logo is next to the text 'Online payments offered via stripe'. At the bottom of this section are two buttons: 'Change Business account data' and 'Change Bank Account data'. In the bottom right corner, there is a yellow circular icon with a question mark inside.

- A green pop up window will show up. The integration of the PayPal method was successful.

The screenshot shows the DISH Order software interface. On the left is a dark sidebar with various menu items: DASHBOARD, RESTAURANT (selected), Locations, KITCHEN, SALES, MARKETING, USERS, DESIGN, LOCALISATION, TOOLS, and SYSTEM. The RESTAURANT item has a dropdown arrow. At the bottom of the sidebar, it says "version: 1.60.0-rc-5b14ac545a". The main content area has a header with tabs: Location, Order Settings, Opening Hours, Payments (selected), Delivery, and orderdirect. Below the tabs, there's a green success message box with the text "Location updated successfully". Under the "Payments" tab, there's a section titled "Location Payment methods" with the sub-section "Select the payment(s) available at this location". It lists four payment methods: "Cash payment" (checked, value 0,00), "Card payment in the restaurant" (unchecked, value 0,00), "Card payment upon delivery" (unchecked), and "PayPal Payment" (unchecked). Below this, there's a section titled "DISH Order payment integrations" with the sub-section "DISH Order allows official online payment integrations. Please, start the onboarding processes and select all the payment methods you want to offer." It shows an integration for "stripe" with two buttons: "Change Business account data" and "Change Bank Account data". A yellow question mark icon is in the bottom right corner.
