

After log in to DASHBOARD in DISH Website. Click on **Food ordering**.

The screenshot shows the DISH website dashboard for 'Test Bistro Training'. The sidebar on the left contains the following menu items: Dashboard, Restaurant details, Settings, Reservation options, **Food ordering** (highlighted with an orange box), Design and content, Legal, Web Address, DISH WEBLISTING, and Account. The main content area features a 'New Imprint Legal Information Update' notification, a 'Website Performance' section with three widgets (Test Bistro Training, Online food ordering insights, and Website views per day), and a 'VITAMIN' logo in the bottom right corner.

**New Imprint Legal Information Update**

Dear Website Builder Customer, in order to always provide you with the best experience and information we have updated our Imprint form. Please **update your imprint information** accordingly and check in each case whether they are correct and complete. Please consider that you, as the owner of this website, are responsible for the correct and complete imprint information of your own Restaurant Website. If you have any questions or need our assistance in completing the form, please contact our Support Centre at any time.

Make sure Food ordering is enabled by clicking on **Button** next to Enable.

The screenshot shows the DISH dashboard for 'Test Bistro Train...'. The left sidebar contains navigation links: Dashboard, Restaurant details, Settings, Reservation options, **Food ordering** (highlighted), Design and content, Legal, Web Address, DISH WEBLISTING, and Account. The main content area is titled 'Food ordering' and shows a toggle switch set to 'Enable'. Below the toggle, there is a section 'Link to your preferred Food Ordering service' with a text input field containing a URL and a 'SAVE' button. The footer includes a copyright notice and links for Imprint, FAQ, Terms of Use, Data Privacy, and Privacy Settings.

**Food ordering**

● INACTIVE

You can now enable your website visitors to order food "to go" from your establishment! Simply enable the option below and make sure to upload your menu. Please stick to the laws and actual rules in your country, when enabling this functionality

Once this option is enabled, make sure you monitor your emails closely so that you do not miss any food ordering requests.

Disable ☒ Enable

**Link to your preferred Food Ordering service**

Add the link to your preferred Food Order service so your customers can be redirected accordingly.

By default and if it has not been modified, the DISH Order Storefront link is automatically loaded in this field.

If a valid URL was added, the following Note will appear confirming the changes were successful.

The screenshot shows the DISH web management interface for "Test Bistro Train...". The left sidebar contains navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering (highlighted), Design and content, Legal, Web Address, DISH WEBLISTING, and Account. The main content area displays a confirmation message: "Your changes were saved successfully." Below this, there are instructions and settings for enabling food ordering. The "Enable" toggle is turned on. Under "Receive orders outside of my opening hours", the checkbox is checked. Under "Services available", "Pickup", "Delivery", and "Eat In" are all checked. Under "Payment methods available", "Cash", "Credit card", "Debit card", and "EC card" are all checked. At the bottom, there is a section for "Link to your preferred Food Ordering service" with a text input field containing the URL: "https://www.ubereats.com/pt-en/store/holy-sandwich-shop/-HhkXsxRREKwigOzf-S7ZQ". A "SAVE" button is visible in the bottom right corner.
